

## USBA Cancer Expense Insurance Plan

Like many people, you probably know someone whose life has been touched by cancer. In fact, according to the American Cancer Society, nearly 1 out of every 3 Americans will be stricken by cancer at some point in their lifetime! We're all aware of our rapidly escalating medical costs.

Good medical insurance is crucial - protection that not only helps defray the direct costs of a bout with cancer (medical expenses, hospital stays, etc.), but more important, also helps cover the indirect or hidden costs ... things like deductibles, lost earnings, out-of-pocket expenses such as travel, food and lodging, special equipment and so on.

That's why USBA offers the Cancer Expense Insurance Plan, underwritten by Monumental Life Insurance Company.

Two different plans are available through Monumental. USBA recommends the "Preferred Plan" which offers benefits like:

- First occurrence of internal cancer - \$1,500
- Hospital confinement:
  - Days 1 thru 69 - \$250/day
  - Days 70+ - 100% (maximum monthly benefit \$5,000)
  - Radiation and chemotherapy - \$1,000 (maximum benefit per illness period)
  - Ambulance - \$50 per one-way trip
  - Transportation - \$300 (maximum benefit per round trip)
  - Extended Care Facility - \$100/day

And these are only some of the benefits of this plan. Not only does the USBA Cancer Expense Insurance Plan offer you comprehensive benefits ... you'll be surprised by the extremely competitive cost. Individual coverage is only \$22.00 per month and for a family it's only \$33.00 per month. Same rates, same coverage for smokers. Protect your family from the high cost of cancer treatment.
